

## Church Resource Catalog

# A Note from Chuck

There's a humorous old axiom in the business world that says:

*Anything that depends on human reliability is unreliable.*

We sure can be fickle, can't we? One morning we feel passionately about a moral question only to think little of it the next afternoon. Today, we stand united with a local body of believers, while next month we feel like we've got one foot out the door. More and more, life remains in a constant state of flux. So, here's my question: Where do you turn for reliable guidance when life teeters on an uncertain axis?

The only truly reliable guide I know of? It's the Bible—God's own Word to us. When trials, questions, and frustrations rear their heads . . . when we find ourselves waffling between this and that, there is no better place for people to find a solid foundation than in the Scriptures.

That's why Insight for Living is dedicated to offering you Bible-study resources for effective spiritual growth and maturity. After more than thirty years of ministry, we are still committed to communicating biblical truth in an understandable way. Useful for both group and individual study, the resources you'll find in this catalog consistently point you back to the reliable and trustworthy words of Scripture.

I'm excited about getting these resources into your hands. I hope you use them in your churches and small-group studies, as well as in your own personal study. If I could modify that old business axiom, I would say it this way:

*Though we are often unreliable, God's Word is always reliable!*

## Daniel, Volume 1

### God's Man for the Moment

Things are not always what they seem. Sometimes they're worse! For Daniel and his friends, being in captivity was a piece of cake compared to being on the menu at a Babylonian barbeque or being catnip for the king's cats. Things can always be worse, but as the book of Daniel reminds us, God's sovereignty can cool the flames and close lions' mouths in our lives too.

## Daniel, Volume 2

### God's Plan for the Future

*I'll explain it, but I don't understand it!* That's how Daniel felt when trying to describe his visions of the future. Understanding God's plan for the future is difficult . . . even when you have an angel trying to explain it to you as Daniel had. Thankfully, we don't have to understand every mystery surrounding God's future plans in order to trust Him . . . and that is encouraging enough.

Lamb  
of  
God

## Exalting Christ . . . The Lamb of God

### A Study of John 15–21

It could be considered the greatest joke in history. By raising Jesus above death, God stumps philosophers who try to explain death, mystics who try to spiritualize death, and atheists who try to avoid death. Jesus's last days on earth were the most tragic in history, but His resurrection caused all of heaven to burst forth in joy because life, not death, got the last laugh. And God got the glory.

## Return Process FAQs

Insight for Living stands behind the products we sell, and we want to make sure you receive the product you ordered in excellent condition. To help you understand whether and when a church that purchases through our Church Store can return items for a refund, here are the answers to frequently asked questions. Also, always follow the step-by-step **Return Process Checklist** for any return.

### What kinds of items can my church return for a refund?

CDs and hardcover books can be returned in original condition for a 100 percent refund of the price the church paid, if the product is shipped back to us within 60 days of receiving the order. If the CD or hardcover book has been opened or used, then we will inspect it and call you with a refund offer. If an item you receive from us is not what you ordered, return it to us within 60 days of receipt for a replacement or refund of the price you paid and shipping costs. In any of these situations, follow the **Return Process Checklist** outlined below.

### Who pays for the return shipment?

For items that weigh less than two pounds (e.g. single CDs, small books, etc.), you might need to prepay the return shipping costs, but call us before you ship for possible alternatives. If you are returning the item because of damage or a defect caused by us, we will refund any shipping expenses you prepaid.

If the items you are returning weigh more than two pounds, we will issue a call tag to a carrier, and the carrier will pick up the package from your location. The carrier will bill us directly for the return shipment.

Our Insight for Living representative will discuss with you the **Return Process Checklist** and how to obtain a “Return Merchandise Authorization” number.

## **If my church does not ship a return item back to you within 60 days of receiving it, is there a solution?**

Yes. If your church returns in original condition a CD or hardcover book between 61 and 180 days after receiving it, we reserve the right to inspect it before offering a refund. Just follow the **Return Process Checklist** outlined below.

## **Are there any kinds of items that Insight for Living will not refund?**

Yes. We do not offer refunds on softcover books; Bible Companions; Bible-study guides; workbooks; any books with damaged bindings, broken spines, torn or taped covers, water damage, or with any highlighting, writing, or answers filled in; and CDs returned to us with scratches, cracked or broken jewel cases, or damaged cover inserts which were not due to Insight for Living's handling.

## **If the softcover or hardcover book my church orders arrives damaged or with some defect, will you stand behind your product?**

Yes, definitely. If *any* product arrives in poor condition or with defects or damages caused by Insight for Living, return it to us within 14 days of receipt. We will issue a refund for the full price paid plus shipping costs for any item in poor condition, damaged, or with a defect that we caused.

## **Will my church get its refund in credit, by check, or in store credit?**

This depends mostly on how the church paid for the order, but other factors can affect the answer to this question.

Usually, Insight for Living issues refunds in the same manner as payment was made and to the entity or person that made the payment. Most churches pay with a credit card, and Insight for Living will debit the refund back to that credit card account where possible; payments by check will be refunded with a check to the entity or person that wrote the check.

However, there may be some circumstances when you would prefer replacement products instead of a refund. The Insight for Living representative can make those arrangements on request.

Our Insight for Living representative will discuss refund or replacement when you call for a “Return Merchandise Authorization” number, according to the **Return Process Checklist**.

### **What happens if the returned items get lost or damaged by the shipping carrier?**

Believe it or not, damage during shipping does not happen very often. When it does, it is nearly always because of poor packaging. Please take time to select a strong container, use proper tape, and use adequate packing materials that are designed for the items you are returning.

If you have followed the **Return Process Checklist** but have not heard from us within 30 days of turning the package over to the carrier, please call us. Remember that your shipping method, the time of year, and your distance from Plano, Texas, can affect the shipping cost or delivery time. If you prepay for the cost of your return shipment, we encourage you to purchase shipping insurance.

# Return Process Checklist

1. Call an Insight for Living representative toll-free at 1-800-641-5485, Monday through Friday, 8:00 a.m. – 5:00 p.m. (Central time).
  - a. Ask for a “Return Merchandise Authorization” (RMA) number.
  - b. Be prepared to tell our representative if your return package weighs more than two pounds so that we can arrange for a call tag for shipment.
2. Pack your return products securely in a heavy-duty shipping carton suitable for that type of item. If you cannot reuse the container we shipped your product in or if you don’t have a sturdy container handy, then suitable shipping containers can be purchased at a local UPS Store, FedEx Office, U.S. Post Office, or other business that sells shipping or moving supplies.
3. Write the Insight for Living-issued RMA number clearly with a marker on the outside of the returned package.
4. Inside the return package, include a copy of the original Insight for Living packing slip or invoice.
5. NOTE: Keep a record of the shipping carrier’s package tracking number until you are sure the return package has been delivered to us.

## **Good advice for packing return items, especially books:**

1. Lay books flat in the container, spines facing outward. Do not stand books upright.
2. Fill all remaining open areas of the container, including the top, with packing material designed for shipping, e.g. packing “peanuts” or bubble wrap. Hint: *If the books slide around excessively inside the container, they probably are not packed tightly enough.*

3. Attach the shipping label on top of your package or as recommended by the shipping carrier.
4. To seal your package, use heavy-duty tape designed for shipping. On boxes, tape all seams. Add strips of tape around the perimeter of the box to provide extra support. All major shipping carriers recommend that you DO NOT USE masking or Scotch tape.
5. Keep in mind that items returned that are not in original condition (i.e., they are not in saleable condition, they differ from what was indicated when the RMA number was issued, or they were damaged during transit) can affect the amount of refund issued.
